

**soul mine**

© Stephen Fisk SOCAN/2006

going down / I rise from bed  
to follow Bliss / and lose my head

blind descent / through altered states  
into the void / where darkness waits  
*going down / going down . . .*

grail of light / at zero ground  
alchemist gold / old philosopher sound  
water at my feet / cross in hand / hero's quest / one grain of sand

*going down / going down . . . to soul mine*  
*going down / going down . . . the soul mine*

going down / I rise from bed  
to follow Bliss / and leave my head . . .
